Past Performance

As a seasoned IT leader with over 25 years of experience, I have successfully transformed multi-site organizations through large-scale digital transformations, cybersecurity initiatives, and IT operations. I have integrated cutting-edge technologies, overhauled IT infrastructure, negotiated key vendor contracts, and developed unified IT strategies, resulting in enhanced operational efficiencies and substantial cost savings. I also led a technology support mentoring program for economically disadvantaged youth, fostering innovation and accountability within teams. My expertise includes technology strategy implementation, cybersecurity, cost management, vendor relations, disaster recovery, and data privacy. I advocate for continuous improvement and leveraging emerging technologies to maintain a competitive advantage.
